

# Blessings!

The Jewish community of Tulsa joins in celebrating the pleasures of this holiday season. We send blessings to our neighbors, and hope that all of our fellow citizens experience a full measure of joy and delight.

We take pride in being one of the many communities of faith that have come together tonight, and send greetings to everyone, here and throughout our city, marching this evening in celebration. We share in the sense of renewal and wonder that marks the holiday calendar at this time of year.

Blessings to our neighbors and friends for the richness and integrity of their traditions. Let the light of this marvelous season shine on one and all!
